# AUTOMOTIVE INDUSTRIES

---

---

## INDEX TO VOLUME LVI (January 8 to June 25, 1927)

*Here is an accurate guide to the authoritative articles and reference data which have appeared in AUTOMOTIVE INDUSTRIES during the last six months. The publication of this index is in line with our constant efforts to make this publication of maximum service to the entire automotive industry.*

# Editorial Index to Volume 56

Issues of January 8 to June 25, 1927, Inclusive

Month	Pages
Jan. 8	1-34
Jan. 15	35-72
Jan. 22	73-108
Jan. 29	109-144
Feb. 5	145-180
Feb. 12	181-216
Feb. 19	217-318
Feb. 26	319-354
Mar. 5	355-390
Mar. 12	391-426
Mar. 19	427-462
Mar. 26	463-498
April 2	499-534
April 9	535-570
April 16	571-606
April 23	607-642
April 30	643-678
May 7	679-714
May 14	715-750
May 21	751-786
May 28	787-822
June 4	823-858
June 11	859-924
June 18	925-960
June 25	961-996

A	
AC Spark Plug Co.—Diaphragm gasoline pump	369
Mechanically-operated gasoline pump	57
Acceleration	
Six-Wheel Co. uses movies in test....	88
Accessories	
Accessories at N. Y. show.....	57
Per cent of Ford and non-Ford dealers handling accessories, 1926 .....	224
Accidents—See also Safety, Traffic	
Automobile deaths by other agencies..	264
Fatalities vs. registrations, 1917-1925..	264
Lalor Automatic Shut-off Valve .....	554
Motor deaths in cities of more than 100,000 .....	265
Ratio of Automobile deaths to total accidental deaths .....	264
Accounting	
Expressing overhead costs .....	772
Study of overhead simplified by standard costs .....	588
American Management Assn. discusses avoidable mfg. expenses .....	726
Adler Werke—Standard "6" .....	379
Advertising	
Does automobile advertising need toning down? .....	889
Free factory publicity .....	124
Industry's budget huge .....	751
Would help U. S. export sales .....	487
Air Cleaners	
Remington air cleaner .....	93
Air-maze industrial filter .....	736
Air-Maze Corp.—Industrial air filter....	736
Aktiebolaget Avancemotor—Tractor has 2-stroke, 2-cylinder hot-bulb engine	928
Albion Metal Products Co.—Breeze filter windshield .....	907
Alin, Emile—Aerable monobloc convertible body .....	197
Allen, A. S.—Speaks at S. A. E. ....	152
Allis-Chalmers Mfg. Co.—Planer drive..	945
Alloys	
Alloy for Brinell balls .....	373
Aluminum	
Italy to develop industry .....	631
American Automobile Assn.—Bus Div. discusses interstate regulation .....	966
American Car & Foundry Co.—New bus ready .....	389
Newell-type bus body .....	627
Six-cylinder bus .....	502
American Chain Co.—Buys Manly Mfg. Co. ....	952
American Engineering Co.—Lo-Hed hoist	944
American Gear Mfrs. Assn.—Fewer gear materials urged .....	774
American Injector Co.—Rumble seat windshield .....	449
American Management Assn.—Production Executives Div. discusses avoidable mfg. expenses .....	726
American Monorail Co.—Box car loader	554
American Society of Mechanical Engineers—Josephs discusses bus bodies	806
American Society for Testing Materials—Heat treatment terminology .....	980
American Welding Society—Annual meeting .....	688
Amshel, Alfred J., & Co.—Testing machine .....	793
Associations—See name of Assn.	
Auburn Automobile Co.—Cabriolets .....	885
1927 line has 2 "8" and "6" .....	18
Autocar Co.—Machines and assemblies aluminum crankshaft .....	760
Automobile Club of Italy—To aid industry .....	666
Automobiles	
Makes and models statistics, 1912-1927 .....	239
Studebaker—Organized in France ....	944

Aviation	
Accidents analyzed .....	190
Airplane repair for Pickwick stages ....	770
Airway mileage in U. S. ....	129
All-American Exhibit at Bolling Field	732
A. S. M. E. discusses need for reliability .....	694
Beardmore 6-cylinder engine .....	402
Bellanca planes will be used on N. Y.—Chicago line .....	994
British budget cut .....	619
Buffalo airport .....	694
Building the Pitcairn "Orowing" .....	408
Chamberlin's Columbia-Bellanca in N. Y.—Germany flight .....	910
Continental engine .....	374
De Pinedo's plane has Isotta-Fraschini V engine .....	681
French airplane engine failures analyzed .....	898
German Govt. finds mfg. unprofitable..	666
Internatl. Aeronautic Federation .....	692
Internatl. exhibition in Germany .....	401
Junkers Pullman plane .....	968
Letters carried in France .....	203
Lindbergh in Paris .....	911
Lindbergh's Ryan monoplane .....	797
Low cost method of producing metal aircraft pressings .....	586
Nungesser and Coli's "White Bird" .....	898
Recent events prove U. S. supreme in many instances .....	932
Seville-Buenos Aires line .....	610
S. A. E. aeronautic standards recommended for cancellation .....	90
Standardization progress .....	575
Wilde valve gear for engines .....	89
Wing torsion .....	896
Wright R-1750 engine .....	809
Axles	
Eaton heavy-duty truck axle .....	691
Front-axle formula corrected .....	124
Front-axle torque member needed with front-wheel brakes .....	412
Tinklen makes trolley axles .....	512
Types used, 1912-1926 .....	239

B	
Baker Bros.—Drill for machining hub flanges .....	541
Banigan, L. F.	
Industry can "cash in" on shop equipment exhibits at shows .....	194
Barnes Drill Co.—Cylinder-honing machine .....	96
Semi-automatic gang drill .....	191
Barton, N. W.—Business forecast .....	39
Basse & Selve—Engines for Mannermann-Mulag .....	894
Bearings	
Roller bearings add 5 cars to flyer ....	956
Crankshaft bearing design .....	239
Roller bearings in machine tools .....	415
Belgian Natl. Industrial Credit Co.—Finances export business .....	753
Belknap, R. B.—Business forecast .....	39
Bellanger—See Peugeot	
Belts	
Clipper speed lacer .....	376
Bendix Brake Corp.—Front-wheel brake mechanism .....	114
Beneke Mfg. Co.—Thermostat with wafer diaphragm, carburetor redesigned .....	57
Bethlehem Steel Co.—Torque amplifier, Nieman power steering mechanism..	896
Blax Flexible Shaft Co.—Polishing equipment .....	115
Birdsall, E. T.—Left-hand steering ....	949
Black, Archibald	
All-American Aircraft Exhibit held at Bolling Field .....	732
Black & Decker Mfg. Co.—Portable electric grinder .....	945
Blanchard, Donald	
Car mfrs. improve parts distribution..	391
Shop equipment campaign opens with show .....	58
Trends in truck design .....	484
Blanchard Machine Co.—Demagnetizer..	662
Hand reaming machine .....	663
Surface grinder .....	374
Bliss, C. H.—Business forecast .....	39
Bodies	
Car output by body models .....	231
Economy effected by welding body panels out of small sheets .....	688
Essex bodies redesigned .....	6
Expert tells S. A. E. how to get harmonious combinations .....	152
Greater refinements have sales appeal	41
Luxury vs. utility in bus bodies .....	806
Open and closed car production .....	229
S. A. E. body session .....	866
Weymann body production .....	477
Willys-Knight electric are welders....	595
Rosch, Robt., Magneto Co.—Bosch-Acro Diesel engine .....	969
Dewandre rights .....	734
Generator for lighting without battery	542

Oil fuel injection system .....	396
Bourdon, M. W.	
British motorcycles .....	413
England subsidizes users of six-wheel trucks .....	908
Front-axle torque member needed with front-wheel brakes .....	412
Morris 15.9 hp. model for export .....	86
Segrave's goal with Sunbeam Mystery Car .....	430
Bradley, W. F.	
Bugatti 125 m.p.h. roadster .....	475
Charcoal gas used in French passenger cars .....	556
Lancia "6" bus .....	810
Sauer bus .....	754
Torsional crankshaft vibration seen through stroboscopy .....	370
U. S. holds option on Minerva-Bournonville rotary valve engine .....	722
Bragg-Kliesrath Corp.—Automatic brake adjuster .....	132
Brakes	
Bragg-Kliesrath adjuster .....	132
Brake drums low in carbon content ..	687
Dymock brake mechanism .....	336
Flanigan bus brakes .....	555
Friction materials discussed at S. A. E.	858
Lougheed hydraulic brake combines master cylinder with supply tank....	630
Trends in design .....	250
Truck brake location statistics .....	270
Types used on buses .....	260
Warner electric brake .....	92
Brennabor-Werke—Brennabor "6" ....	802
Bridges	
Bridge over Carquinez Straits completes Pacific highway .....	897
Brill, J. G., Co.—Gas-electric rail car..	473
Brown, Geo. G.—Studies effect of volatility on engine performance .....	981
Brown & Sharpe Mfg. Co.—Indicator for speed of shaftings .....	375
Universal worm thread grinder .....	523
Bugatti, Ettore—125 m.p.h. roadster..	475
Buhl Aircraft Co.—Type bought by Dept. of Commerce .....	664
Buick Motor Co.—Unified assembly line	365
Bullard Machine Tool Co.—Spiral drive turret lathes .....	198
Bumpers	
Warren "Bright Bumper" has lights.	934
Bus Descriptions—See Name of Co.	
Buses	
Bus Cos. wise to foster sales to railways .....	406
A. A. A. Bus Div. discusses inter-state regulation .....	966
Has coordination with railways hurt bus mfrs.? .....	73
Internatl. Show in Germany .....	892
Weight restrictions call for lighter and stronger parts .....	846
Bushings	
Oakland machine, for diamond boring piston pin bushings .....	773
Business Conditions	
Cos. of all sizes have ups and downs..	571
Future bright for parts mfrs. ....	109
Leaders are conservatively optimistic on outlook .....	39
1927 will be profitable year for truck mfrs. ....	116
Our industry today .....	218
2nd quarter sales outlook good .....	499
Shop still battleground of price competition .....	657
What the industry is thinking about..	181
Bussing, H., A. G. Automobilfabrik—Gas-electric at German show .....	892

C	
Cadillac Motor Car Co.—Brings out La Salle .....	358
Fabric suspension .....	114
La Salle phaeton .....	917
Mechanical changes; body line .....	26
Service policy .....	342
Town car .....	989
Caldwell, I. & W., & Son Co.—Speed reducer .....	795
Campbell, Colin—Business forecast .....	374
Canada	
Industry reaches new heights, 1926....	931
Tariff reduction hasn't hurt factories..	700
Car Descriptions—See Name of Co.	
Carburetors	
Carter model D R H O standard on Nash .....	624
Metering jet calibration .....	690
Panhard Levassor control .....	113
Tillotson improvements .....	128, 198
Carter Carburetor Corp.—Model D R H O	624
Carver, W. L.	
Erskine "6" in 4 body styles .....	2
Future production economies to come from overhead .....	505
G. M. C. brings out La Salle .....	358
Light cars, fuels and employee-training discussed at S. A. E. ....	145

Material handling and maintenance figure in inflated overhead .....	548	De Lavand, Sensaud—Differential gear. 414	Capital and horsepower behind U. S. industrial workers .....	776
Scrap iron briquettes effect Dodge economy .....	80	Denham, A. F. 6-cylinder bus .....	Employees in German automotive industry .....	909
Castings .....	593	A. C. F. E. discusses reliability in aeronautics .....	N. A. C. C. defines open shop policy .....	565
Worm gear blanks .....	593	Dodge "6" .....	Engines .....	949
Central States Safety Congress—Held in Kansas City .....	607	Federal 2-ton truck has larger engine .....	Problems are harder says Hunt .....	112
Chamber of Commerce of the U. S.—American business in accord with automotive aims; officers .....	715	Fewer gear materials urged .....	Salaries .....	949
Chandler-Cleveland Motors Corp.—Adds sedan .....	596	Jordan custom model .....	Engines .....	376
Adds sedans, coupe, touring and sport roadster .....	419	N. A. C. C. service mgr. discusses new problems .....	Analyzing indicator diagrams .....	376
Adds "6" and "8" coupes .....	633	Reo "Wolverine" small "6" .....	Balance conditions in a 10-cylinder, 90-degree V-engine .....	612
Adds 2 coupes and sedan .....	780	Research overcoming lacquer color weaknesses .....	Beardmore 6-cylinder airplane engine .....	402
"Royal Straight Eight" .....	8	S. A. E. headlight session .....	Car output by cylinders .....	228
Special sedan .....	709	Design .....	Compression and thermal efficiency .....	123
Chapin, Roy D.—Pres., N. A. C. C. .....	381	Lowering floor heights .....	Constantinesco torque converter .....	374
Chase, Julian .....	319	Mfrs. refine details .....	Continental aircraft engine .....	508
Greater profit per unit needed .....	164	Road clearance, turning circle diameter, 1925-1927 .....	Continental bus engines .....	508
Never such interest in shows .....	260	S. A. E. discusses 1937 automobile .....	Eight-in-line growth; other features of design at N. Y. show .....	45
Chassis .....	856	Detroit Steel Products Co.—Spring-testing machine .....	Effect of engine speed on weight and production costs .....	842
Bus wheel base .....	856	Diana—See Moon .....	Improving car performance .....	823
S. A. E. Chassis session .....	648	Dibble, L. C. .....	Germans urge new engine volume tax .....	785
Chevrolet Motor Co.—Imperial landau .....	79	Factories watching as dealers test used car plans .....	Hercules industrial engine .....	85
Service promotion is important sales factor .....	114	Glancy, A. R. .....	How stroke-bore ratio affects operation .....	321
Tire carrier .....	939	14th Annual Foreign Trade Conference .....	Internal combustion engine lacks crankshaft, connecting rods, camshaft, valves and timing gears .....	706
Chorlton, A. E. S.—Beardmore Diesel engine .....	592	Professors assert industry doesn't go after college men .....	Isotta-Fraschini aircraft engine is V-type .....	681
Chromium Corp. of America—Plates automotive parts; patents .....	918	Dickinson, H. C.—Chr., S. A. E. session .....	Lycoming builds light "8" .....	14
Chrysler Corp.—Markets replacement heads .....	166	Dies .....	Minerva-Bourbonville rotary valve engine .....	722
Sport coupe at Chicago show .....	54	Wearing of blanking dies .....	No. of cylinders in bus engines .....	261
Sportiff touring follows European lines .....	809	Diesel Engines .....	No. of cylinders on trucks .....	271
Cincinnati Electrical Tool Co.—Portable buffer and grinder .....	92	Bosch-Aero has new combustion principle .....	Sargent comments on super-expansion .....	413
Cincinnati Grinders, Inc.—Self-contained grinders .....	127	Bosch fuel-injection system .....	S. A. E. engine session .....	862
Cincinnati Iron & Steel Co.—Asco automatic tapping machine .....	627	Fos high-speed, inclosed-type .....	Thermodynamic analysis of engine cycles .....	739
Citroen-Kegresse Co.—Improved type creeper .....	154	Hydrogen mixed with air, improves oil engine operation .....	Variation of brake mean effective pressure with compressor ratio .....	628
Clark, Geo. L.—S. A. E. speaker .....	342	Krupp, Junkers, Benz, Cummins & Beardmore engine .....	Wilde valve gear for aircraft engines .....	89
Clarkson, Cokes F.—Chr., S. A. E. mystery session .....	59	Penn. State to study fuel spray .....	Wright R-1750 .....	809
Cleary, J. .....	546	Dietrich, R. H.—Speaks at S. A. E. .....	Erle Foundry Co.—Drop hammer .....	663
Cadillac standard service policy .....	337	Differentials .....	Everitt, B. F.—Business forecast .....	39
How the salesmen impressed a pseudo-buyer at the show .....	136	Skoda Works tries Abramson's gearless differential .....	Exports .....	486
Industry's advertising budget .....	121	Distribution .....	Advertising would help U. S. export sales .....	486
Cleveland Oak Belting Co.—Reconditions belting .....	393	Car mfrs. are improving parts distribution .....	Automotive exports increase in value, 1913-1926 .....	179, 304
Cleveland Pneumatic Tool Co.—Gruss air spring .....	381	Parts mfrs. ask car builders to change buying methods .....	Automotive products again second in U. S. trade .....	615
Merges with Westinghouse Air Spring .....	807	Ditzler Color Co.—Research overcoming lacquer color weaknesses .....	Continental passenger cars .....	252
Cleveland Tractor Co.—Larger crawler model .....	376	Uses miniature panel for color selection .....	Canadian vehicle exports by countries .....	309
Clifton, Chas.—N. A. C. C. praises .....	239	Divco-Detroit Co. Delivery truck has 2-pt. control .....	Canada plans to profit from British tariff preference .....	64
Retires, N. A. C. C. Pres. .....	146	Dodge Bros., Inc.—Adds convertible coupe .....	Exports, imports and reimports Jan., 1926-Apr., 1927 .....	179, 389, 531, 711, 883
Clinton Motors Corp.—Models 85-6 and 55-6 .....	270	Adds "6" .....	14th Annual Foreign Trade Conference .....	905
Clipper Belt Lacer Co.—Clipper speed lacer .....	623	Adopts standard gearshift; chain front-end drive .....	German exports, 1926 .....	909
Clutches .....	658	Combination passenger and commercial coupe and roadster .....	How U. S. and Canadian exports were distributed to major markets .....	304
Trends in design .....	804	Graham truck bodies convertible .....	Italian competition .....	811
Types on trucks .....	979	1926 earnings .....	Laws of some countries handicap U. S. sales .....	82
Cobham, Sir Alan—At Detroit S. A. E. Commercial Truck Co.—Rivets heated in holes to insure rigidity of electric truck chassis .....	415	Scrap iron briquettes effect Dodge economy .....	Miscellaneous exports .....	309
Comtor Co.—Precision Instruments .....	628	Will introduce higher-priced line .....	Most markets good .....	697
Consolidated Motors, Inc.—Announced by Durant .....	561	Drives .....	Motor vehicles important in Africa's future .....	769
Constantines Co., Geo.—Torque converter .....	76	Effect of front-wheel drive on tire wear .....	Outlook for foreign sales never better .....	447
Continental Motors Corp.—Aircraft engine .....	374	Front-end drives .....	Shipments by units and value .....	305
Engines designed for buses .....	508	Front-wheel drives for passenger cars .....	U. S. and Canadian exports of cars, trucks and tires, Nov., 1926-Apr., 1927 .....	130, 202, 306, 416, 558, 702, 912
Offers rebuilding service .....	102	Marsh front drive uses fifth wheel for steering and power transmission .....	U. S. and foreign cars by makes in S. Africa, New Zealand, Kenya and Hawaii .....	591
Shows "8" .....	62	South Bend shockless drive .....	U. S. truck exports by countries .....	308
Single sleeve valve gear .....	415	Du Brul, Ernest F.—Stabilized buying will benefit machine tool industry .....	F	
Cooling Systems—See also Radiators .....	625	Duesenberg Motors, Inc.—Duesenberg specials at Indianapolis .....	Fageol Motors Co.—"Twin Coach" has 2 engines mounted under floor .....	514
Dunhamer thermostat .....	628	Sport model .....	Two 6-cylinder engines in bus .....	421
Preventing loss of alcohol .....	804	Dumas, Paul .....	Falcon Motors Corp.—Falcon-Knight in production .....	466
Crankcases .....	979	Super-chargers and timing gears cause failures in Indianapolis .....	Model shown privately .....	51
Case-hardened crankshafts .....	665	Dunhamer Corp.—Thermostat .....	Sedan photo .....	89
G. M. C. balancing apparatus .....	760	Du Pont Motors, Inc.—Convertible sedan .....	Farman Co.—Farman-Perrot steering gear brake .....	124
How Autocar aluminum crankshaft is machined and assembled .....	370	Durant, W. C.—Could have bought Ford for eight million .....	Faulkner, R. H.—Business forecast .....	39
Torsional vibration seen through stroboscopes .....	978	Durant Motors Co.—Four-speed transmission .....	Faun, Werke—Models at Berlin show .....	892
Crucible Steel Co.—H. Y. C. C. steel .....	939	Star body changes .....	Fawick, Thos. L.—Transmission with two quiet driving ranges .....	620
Cummins Engine Co.—Diesel engine .....	154	Star "6" cabriolet .....	Fedden, A. H. R.—Predicts extensive use of superchargers .....	377
Cummings, H. K.—S. A. E. speaker .....	643	Dymock, Raymond—Brake mechanism .....	Federal Motor Truck Corp.—"Scout" high-speed truck .....	56
Cusick, R. L. .....	239	E	2-ton truck with larger engine .....	730
Revival of stock car racing .....	818	Eaton Axle Co.—Heavy duty truck axles .....	Federal Products Corp.—Dial thickness gages .....	663
Cylinders .....	892	Elcar Motor Car Co.—8-82 has increased bore .....	Fellows Gear Shaper Co.—Clutch gears machined .....	486
No. of cylinders, 1912-1926 .....	449	1927 line .....	Handbook on internal gears .....	777
D	496	Electrical Equipment .....	Fenn, Alan—S. A. E. speaker .....	160
Daimler Co.—Merges with Singer .....	39	Bosch generator for lighting without battery .....	Fen-Mas. Co.—Chassis lubricating system .....	201
Daimler-Benz—Models at Berlin truck and bus show .....	482	Marschal fuse and fuse box .....	Ferracute Machine Co.—Long stroke press .....	200
Sends bus on exhibition tour .....	53	Natl. Battery Mfrs. Assn. discusses means of increasing unit profits .....	Fifth Ave. Coach Co.—Tests steam use .....	458
Dart Truck Co.—Organized .....	226	North East battery ignition unit .....	Filters .....	369
Davis, Walter C.—Business forecast .....	225	S. A. E. pleads for better apparatus .....	A. C. pump with strainer .....	369
Davis, Geo. W., Motor Car Co.—Adds "8" .....		Source of current on buses .....	Sharples crankcase oil reclaiming system .....	804
Roadster and coupe .....		Electroplating .....	Tillotson air cleaner .....	200
De Dion Bouton—See Peugeot .....		Chromium plating discussed at S. A. E. .....	Tillotson oil filter .....	375
Dealers .....		Chromium plating tried as remedy for crankcase corrosion .....	V-R electric pump and filter .....	375
Car and truck agencies by price groups .....		Done by Chromium Corp. of America .....		
Ford and non-Ford dealers by town sizes .....		Employment .....		

Finance	
Motor Truck Industries, Inc., discusses time sales	616
New finance plan in London	881
New and used cars vs. sales, 1926	219
Offsetting downward profit margins, 1927 task	427
Repossessions of new and used cars; average loss, 1925-1926	220
Sales threatened by higher financing rates	679
Time-payment sales developing in Germany	985
Finishes	
Biax polishing equipment	115
Ditzler research overcoming lacquer color weaknesses	544
Milburn spray gun	415
Paint spray with air purifier	765
Skill needed to produce good lacquer job	474
Flanigan, E. B., Inc.—Bus brakes	555
Fluid Heat Corp.—Lator automatic shut-off valve	554
Foos Gas Engine Co.—Highspeed, in-closed-type Diesel	438
Footo-Burt Co.—Motor mounting for drill	808
Forbes, Kingston—Chr., S. A. E. session	152
Ford Motor Co.—New "4" to replace Model T	452
New Model to have 4 speeds forward	488
New model's specifications still incomplete	987
Foreign Trade Conference—14th annual meeting	905
Foster Instrument Co.—Thermo-couple pyrometer	336
Franklin, H. H., Mfg. Co.—Sport Model Organizes distrib. sys.	598
To make convertible coupe	54
French Society of Automotive Engineers—To be formed	36
Fuels	
Accurate methods needed to gage knocking qualities	153
Charcoal gas used in French passenger cars	556
Detonation attributed to peroxides formed during compression	667
Effect of volatility studied by Univ. of Mich.	981
French charcoal gas burning trucks commercially produced	920
French Co. to make fuels from coal and lignite	755
Methods of measuring atomized fuel particles	186
Penn. State studies fuel spray in oil engines	411
Fuess, R.—Brings out microscope for metallurgical work	187
Fulton Foundry & Machine Co.—To market new ferrous metal	639
Furness Gears, Ltd.—Four-speed planetary transmission	328
G	
Gabriel Snubber Mfg. Co.—Anti-preload-ing brake	57
Gages and Meters	
Bencke Wafer thermostat	57
Brown & Sharpe shafting speed indicator	375
Comtor precision instruments	658
Foster thermo-couple pyrometer	336
Greenfield snap gages	737
Leeds & Northrup Co's meter	803
Light thrown on spring design by strain gage	762
O-Z stationary tachometers	413
Pratt & Whitney super-micrometer	519
Pyrometer terms defined	345
Societe Genevoise's apparatus for measuring pitch of thread gages	662
Starrett measuring instruments	375
Total radiation pyrometers	129
Garages—United Bonded Garages, Inc., chain to promote service	955
Gardner Motor Co.—Adds 2 brougham coupes and 2 Victoria coupes	780
Adds Victoria and brougham coupes	524
Garford Truck Co.—Model 20	55
Gears	
American Gear Mfrs. Assn. urges fewer materials	774
Continental Single-sleeve valve gear	415
De Lavaud differential gear	414
General Brass Corp.—Merges 3 Cos.	714
General Chromium Corp.—Formed in Detroit	914
General Electric Co.—Welding electrode	625
General Motors Corp.—Crankshaft balancing apparatus	665
Radio photos of car noises	345
Generators	
Gas generators for motor trucks	930
Geometric Stamping Co.—Buys muffler div. of AC Spark Plug and Gray-Hawley	672
Gillette, L. S.	
S. A. E. sees no future here for small car	159
Stearns has sleeve-valve engine	10
Gilmer, Walker—Develops new hood lace	198
Gilmer, L. H., Co.—Radiator hose	92
Gisholt Machine Co.—Static balancer	518
Glancy, A. R.—Lands at top of industry which he once said had no future	579
Gleason Works—Electric heater for baked molds	118

Tillotson Carburetor Co.—Air cleaner .....	200	No. using stock engines .....	271	Welding and Cutting .....	
Carburetor improvements .....	198	Smaller truck cos. progress in sales and production .....	442	Bronze-tipping steel shims .....	199
Filtrap improvements .....	128	Trends in design .....	484	Lincoln carbon arc butt welder .....	448
Oil filter .....	375	Weight restrictions call for lighter and stronger parts .....	846	Economy effected by welding body panels out of small sheets .....	638
Timken Detroit Axle Co.—Trolley axles .....	510	Tuthill Pump Co.—Coolant pump .....	414	Electric arc welders used in Willy-Knight body assembly .....	595
Tires .....		U .....		General Electric electrode .....	625
Highway Research Board tire wear .....	799	Unishear Co.—Model B .....	624	Lincoln arc welder .....	336
Michelin drop channel rim .....	187	United Bonded Garages, Inc.—Chain to promote service .....	955	Lincoln stable arc welding rods .....	664
Miller balloon tire .....	376	U. S. L. Battery Corp.—Merges U. S. Light & Heat and Prest-O-Lite .....	675	Lincoln water-cooled arc-welder .....	624
Production, 1913-1926; by types .....	230	U. S. Electrical Tool Co.—Selective-speed buffers and polishers .....	93	Univ. of Mich. studies metal cutting .....	593
Proper "toe-in" angle; too much gather of front wheel increases tire wear .....	735	Used Cars .....		Welding problem solved by projection method at John Warren Watson .....	728
Types of bus tires .....	261	Factories watching as dealers test Winsor and Jacksonville plans .....	961	Wellenkamp, Paul—Effect of front-wheel drive on tire wear .....	948
Wheel shimmy blamed on tires .....	162	Kansas City dealers junk cars .....	880	Westinghouse Air Spring Co.—Merges with Cleveland Pneumatic Tool .....	136
Wear low on oil-treated roads .....	193	New cars vs. scrapped cars, 1926 .....	218	Weyerbacher, R. D.—Producing metal aircraft pressings .....	586
Tools, Portable .....		No. financed; value of repossession; average loss per repossession; money invested in sales .....	220	Weymann American Body Co.—Body production .....	477
Van Dorn electric drill .....	128	Starting to annoy some foreign dealers .....	469	Wheeler, W. A.—Paige-Detroit pres. ..	29
Tractors .....		May affect production .....	363	Wheels and Rims .....	
Becker on tractor design .....	483	V-R Fuel Pump Corp.—Electric pump and filter .....	375	Wire wheel counterweights .....	555
Results of German and American tests .....	685	Valley Motor Truck Co.—Dispatch 2½-ton model .....	78	White Motor Co.—Adds 2-ton truck .....	421
Swedish Avancemotor .....	928	Valves .....		Four-cylinder, 2-ton truck .....	443
Tractors in farm service .....	123	Location statistics, 1912-1926 .....	239	Whitten, F. A.—Acknowledgment .....	945
Univ. of Neb. official Twin City tractor test .....	403	Siemen's mechanism .....	113	Wilde, A. H.—Valve gear for aircraft engines .....	89
Traffic—See also Accidents and Safety .....		Van Dorn Electric Tool Co.—Electric drill .....	128	Willys, John N.—Outlook for foreign sales never better .....	447
Industry holds five meetings to discuss traffic .....	607	Heavy duty drill .....	809	Willys, John N., Export Corp.—Knight truck line for export .....	704
Training .....		Vellie Motors Corp.—Adds roadster .....	709	Willys-Overland, Inc.—Adds limousine, sedan, touring car .....	917
A. E. A. salesman's course .....	813	4-passenger coupe .....	52	Adds 6-cylinder Whippet .....	24
College in industrial research .....	355	Sedan .....	988	Electric arc welders used in Willys-Knight body assembly .....	595
Mich. State College course in industrial metallurgy .....	761	Violve—Placed on Swedish market .....	883	Willys-Knight sedan and coach added .....	740
Olds merchandising course .....	758	Voisin Motors—Breaks two world's records .....	659	Wilson, G. Floyd—Bus Cos. wise to foster sales with railway interest .....	406
Professors assert industry doesn't go after college men .....	150	Voran Automobil-Bau A. G.—Front drive car .....	834	Wilson, R. E.—S. A. E. speaker .....	158
Univ. of Penn. fuel course .....	546	W .....		Windshields .....	
Transmissions .....		Wagner Electric Corp.—Lougheed brake combines master cylinder with supply tank .....	630	Albion breeze filter .....	907
Cars of future and 4-speed transmission .....	161	Warner, E. P. .....		American Injector rumble seat windshield .....	449
Fawick transmission has two quiet driving ranges .....	620	Recent events show America supreme in many phases of aviation .....	932	Wire Wheel Corp.—Supplies counterweights .....	555
Final drives on trucks .....	270	Warner Gear Co.—Error corrected .....	124	Withers, F. C.—Tire factory publicity .....	124
Burness 4-speed planetary transmission .....	328	Four-speed transmission .....	470	Wright Aeronautical Corp.—New engine passes tests .....	104
L. C. B. combines direct drive with continuously variable gear .....	400	Warner Mfg. Co.—Electric brake .....	92	Wrigley, Ernest A.—Corrects British Motorcycle story .....	122
Morse gear unit for 4-speed transmissions .....	766	Warner & Swasey Co.—Adapter plates increase usefulness of flanged lathe tools .....	204	Y .....	
Silence of internal gears accounts for interest in 4-speed transmissions .....	538	Cutter turners .....	127	Yellow Truck & Coach Mfg. Co.—Sedan-type taxi .....	22
Statistics of types on buses .....	261	No. 4 turret lathe .....	523	Young, Du Bois—Pres. of Hupp at 47 ..	188
Vauxhall 4-speed planetary gear-set ..	212	Warner Tool & Forge Co.—Bumper has safety road lights .....	934	Young, G. A.—S. A. E. speaker .....	158
Transportation—See also Aviation, Buses, Trucks, Railroads .....		Watson, John Warren—Welding problem solved by use of projection method .....	728	Z .....	
Coordinated transport need not mean rail dominance .....	436			Zealandia Motor Co.—New British car ..	171
Treves, S. R.—Explains equation for power consumed by supercharger .....	948			Zernichow, O., Co.—Stationary tachometers .....	413
Trucks .....					
England subsidizes users of six-wheel trucks .....	908				
Internatl. show in Germany .....	892				
Mfrs. discuss time sales .....	616				
Models by tonnage, 1924-27 .....	271				
New models show passenger car influence in design .....	55
